Minor in Biology: Neurobiology

Minimum: 21 credits in Biological Sciences (curriculum 120; school 28 indicates courses offered at NJIT).

REQUIRED CORE COURSES (12 credits)
- 28:120:200 Concepts in Biology (4 credits)
- 21:120:201 Foundations of Biology: Cell & Molecular Biology (3 credits)
- 21:120:202 Foundations of Biology: Cell & Molecular Biology Laboratory (1 credit)
- 28:120:205 Foundations of Biology: Ecology & Evolution (3 credits)
- 28:120:206 Foundations of Biology: Ecology & Evolution Laboratory (1 credit)

REQUIRED COURSE
- 28:120:315 Principles of Neurobiology (3 credits)

ELECTIVE COURSES
- 28:120:341 Introduction to Neurophysiology (3 credits)
- 28:120:383 Neural Basis of Behavior (3 credits)
- 21:120:404 Introduction to Neuroanatomy (4 credits)
- 21:120:444 Cellular Neurobiology (3 credits)
- 28:120:447 Cellular and Systems Neuroscience (3 credits)
