

## This is Data Science!

I-DSLA Spring 2016 Speaker Series

Chair: Dr. Patrick Shafto,

Henry Rutgers Term Chair in Data Science

All talks at 2:30pm in Aidekman Auditorium (unless otherwise noted)

**2/5/2016 - Ryan Baker**, Associate Professor of Cognitive Studies in Education, Columbia University Teachers College. Research area: Educational data mining. *371A Smith Hall*

**2/19/2016 - Eugene Wu**, Assistant Professor of Computer Science, Columbia University. Research area: Visualization and databases

**3/25/2016 - Brenden Lake**, Moore-Sloan Data Science Fellow Center for Data Science, NYU, Research area: Computational models of human and machine cognition

**4/8/2016 - Stephan Mandt**, Postdoctoral Researcher in the Institute for Data Sciences and Engineering, Columbia University. Research area: Statistical machine learning

**4/15/2016 - Barbara Engelhardt**, Assistant Professor Department of Computer Science, Princeton University. Research area: Statistical models and methods for analysis of high-dimensional data and biological mechanisms of complex phenotypes and human diseases.

**4/22/2016 - Mark Finlayson**, Assistant Professor of Computer and Information Sciences, Florida International University. Research area: Computational models of narrative

**5/6/2016 - Nathaniel Daw**, Professor of Princeton Neuroscience Institute and Department of Psychology, Princeton University. Research area: Reinforcement learning from computational, neural, and behavioral perspectives
