Center for the Study of Genocide and Human Rights

2014 Community Teach-In Series
in partnership with YouthBuild Newark

Continuing CGHR’s history of promoting civic engagement and dialogue in Newark, CGHR and YouthBuild Newark are holding a Spring 2014 Community Teach-In Speaker Series. This initiative builds upon CGHR’s long-standing peace education work with local civic partners in Newark dating back to events related to the 2008 visit of Syrian university students and including the 2011 Newark Peace Education Summit, for which CGHR published a peace education booklet.
